

Cross-border reputation and reliability
Solid industry leading importing experience

Top-level domestic diamond import volume graced with numerous accolades and honors. This is proof of Uchihara Group's high global reputation and reliability.

The only enterprise to receive the “Italian International Trade Fair Honors Award”

We received the “Italian International Trade Fair Honors Award” from Vicenza Trade Fair Board with the endorsement of the Italian Trade Commission in January 2002. This award highly elevated Uchihara Group's importing profile, and a ceremony was held with the appearance of the former ambassador, Mr. Menegatti and his wife.

Most frequent recipient of the “Highest Importer Award”

Uchihara Group's annual national import volume of loose diamonds is an unsurpassed 100,000 carats. The group has a well-established relationship with India, which is the world's largest diamond polishing nation, and awarded us the “Highest Importer Award (largest annual diamond imports)” 11 times, the most frequent among Japanese enterprises. We are contributing significantly to the friendship and stable commercial distribution channel between Japan and India.
